

BAUMANN

MEDICAL

SPRINGS & STAMPINGS

FOR MEDICAL DEVICES &
PHARMACEUTICAL APPLICATIONS

PARTNERSHIP

We aim for highest level of satisfaction of you as our customer. Collaborating with BAUMANN you will encounter long-term focus in our acting in combination with short-term actions to address day to day topics. Look at BAUMANN as your external design, prototype and serial, high volume manufacturing partner, perfectly aligned to your needs as if it was an internal colleague.

Design verification support with focus on DFM using analytical methods

Functional samples, prototypes, and process assessment for high volumes

Globally standardized process validation following DQ, IQ, OQ and PQ

Capable processes suitable for highest volumes and lowest variation

Regulatory compliance, such as ISO13485, GMP/GDP, ISO14001

Supply chain management from wire to manufacturing to packaging, shipping and storage

Risk based approach for key elements such as process flow, FMEA and DoE

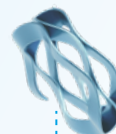

Systematic quality assurance (startup sample, in-process control, final inspection)
